 Contact Information

✦ C&D IMPORT EXPORT LIMITED COMPANY** is one of the leading **core veneer exporters in Vietnam** in terms of volume, especially for the **Indian market**.

We supply **Eucalyptus Core Veneer, Acacia Core Veneer, Styra White Core (Mỡ/Bồ Đề), and Pine Core Veneer** to a wide range of clients — from **small plywood workshops** to some of the **largest plywood manufacturers in India**.

With our extensive production capacity and strict quality control, we ensure every shipment meets customer requirements for **thickness, moisture content, and surface quality**. Our commitment to **consistent quality, competitive pricing, and reliable delivery** has made us a trusted partner for plywood factories across **India, Philippines, Taiwan, China, and Southeast Asia**.

WELCOME MESSAGE

Mr.David

Export manager

Dear Valued Partners,

It is our pleasure to introduce ****C&D IMPORT EXPORT LIMITED COMPANY**** to you.

We are committed to delivering ****premium core veneer products**** that meet your exact specifications and help your business grow.

We believe in ****long-term partnerships**** built on trust, quality, and mutual success.

We look forward to working with you and supplying the best ****core veneer from Vietnam**** to your market.

****Sincerely,****

The Management Team

C&D IMPORT EXPORT LIMITED COMPANY

VISION & MISSION

Vision

To become the most trusted **core veneer supplier from Vietnam** for global plywood manufacturers.

Mission

To produce and deliver high-quality core veneer that enables our customers to create superior plywood products while maintaining competitive prices and sustainable practices.

CORE VALUES & STRENGTHS

◆ CORE VALUES

- Quality – Every sheet meets international standards.
- Reliability – Always on-time, every shipment.
- Partnership – Growing together with our clients.

◆ OUR STRENGTHS

- ☒ Direct Manufacturer – No intermediaries, competitive pricing.
- ☒ Flexible Specifications – Customized thickness, width, and moisture.
- ☒ Strong Export Expertise – 1000+ containers shipped annually.
- ☒ Consistent Quality – Strict QC at every stage of production.

*****C&D IMPORT EXPORT LIMITED COMPANY** offers a complete range of **core veneer products** for the plywood industry, serving clients from small workshops to leading plywood manufacturers in India and other international markets.***

Our products are produced under strict quality control, ensuring consistent thickness, moisture content, and surface quality to meet the demands of different plywood grades and applications.

Eucalyptus

Dense structure, high bonding strength.

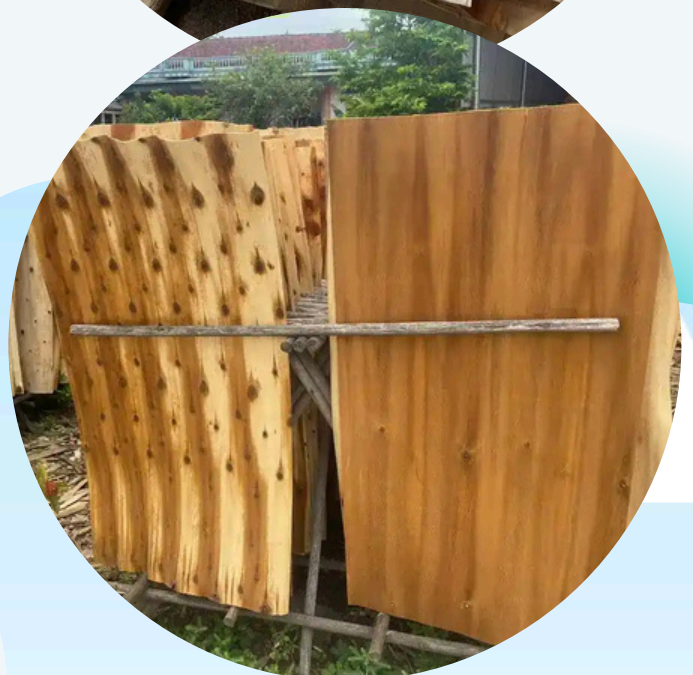

- Widely used in plywood core production.
- Available in Grades A/B/C.

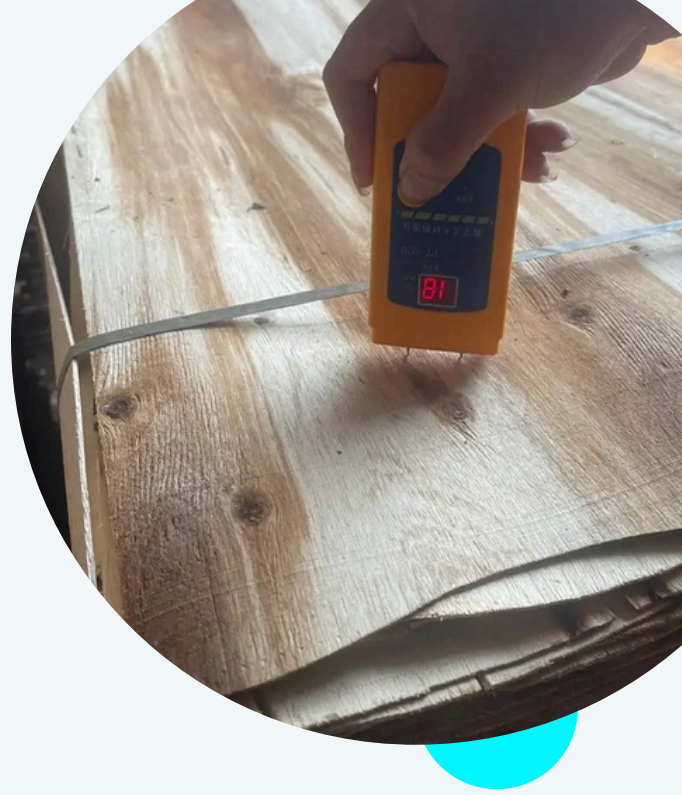

Acacia

- Lightweight yet strong.
- Excellent bending resistance, ideal for curved furniture.

SPECIFICATIONS

- ****Thickness****: 1.7-1.8-2.3 mm
- ****Sizes****: 640 × 1270 mm
- ****Moisture Content****: Below 18%
- ****Material Options****: Eucalyptus, Acacia
- ****Usage****: Suitable for plywood core layers, furniture panels, laminated boards, and sandwich panels.

QUALITY CONTROL PROCESS

At **C&D IMPORT EXPORT LIMITED COMPANY**, we implement a strict **Quality Control (QC) system** at every stage of production to ensure all core veneer meets international plywood industry standards.

QC Steps

1. **Moisture Testing** – Using calibrated meters to ensure moisture content stays **below 18%**.
2. **Thickness Measurement** – Checking every batch to maintain a uniform range of **1.6 – 2.3 mm**.
3. **Size Verification** – Ensuring precise dimensions **640 × 1270 mm** or **470 × 970 mm** (or per customer requirement).
4. **Surface Inspection** – Detecting and eliminating overlaps, splits, or excessive knots.
5. **Material Sorting** – Separating products by species: **Eucalyptus, Acacia, Styrax White Core (Mỡ/Bồ Đề), Pine**.
6. **Final Packaging QC** – PE wrapping, steel strapping, and palletizing for safe container loading.

Usage: Suitable for plywood core layers, furniture panels, laminated boards, and sandwich panels.

EXPORT & LOGISTICS

C&D IMPORT EXPORT LIMITED COMPANY** has extensive experience in handling international shipments of core veneer, ensuring safe and timely delivery to our clients worldwide.

Export Details:

- ****Port of Loading****: Hai Phong, Vietnam
- ****Main Markets****: India (80% of total exports), Philippines, Taiwan, China, Southeast Asia
- ****Annual Export Volume****: 1000+ containers
- ****Container Types****: 20ft & 40ft, loaded to optimize space and minimize freight cost
- ****Lead Time****: 5–15 days after order confirmation

Logistics Process:

1. ****Product Inspection**** – Final QC before packing.
2. ****Packaging & Palletizing**** – PE wrapping, strapping, and palletizing for container safety.
3. ****Container Loading**** – Optimized stacking to prevent movement during transport.
4. ****Shipping & Documentation**** – Full set of export documents prepared for smooth customs clearance.

We partner with ****reliable shipping lines**** to maintain consistent schedules and ensure all shipments arrive in excellent condition.
